

Quality and Innovation for Nearly 60 years!

You have come to know and depend upon Angeles® as an innovator of products for the early childhood community since 1958. The ever-popular Bye-Bye® Buggy® and the BaseLine® Chairs have been best sellers for years, but designing and improving chairs has always been a strong focus of Angeles®.

In 2010 Angeles[®] introduced the sturdy and beautifully designed, NaturalWood™ Collection of hardwood furniture providing warmth to any classroom.

2013 marked the introduction of a plastic chair that took the basic design of the BaseLine® Chair and incorporated it into a more economical, yet extremely durable chair.

The Angeles® Value Stack™ Chair.

And here we are approaching 2016. We are extremely excited and proud to introduce

the Angeles® MyPosture™ Chair, our most recent

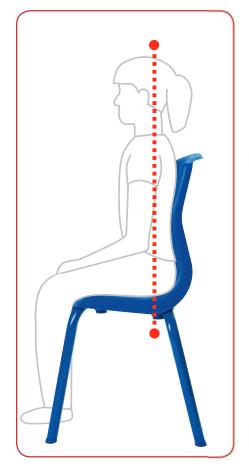

addition to the Angeles® family. Designed with posture and comfort in mind, this one is sure to be a winner!

Angeles® will continue to provide

the attention to detail and the commitment to

innovative design and quality that has made it the leading name in manufacturing for the early childhood community for nearly 60 years.

MyPosture[™] Chair

This innovative, contoured chair provides external postural and lumbar support. It helps maintain the natural curve of the spine and serves to offset the muscle fatigue that can lead to slouching. Coordinates with Angeles® BaseLine® Tables.

Read & Share Reviews of Angeles® Products

Angeles® Corporation has received GRENGUARD Gold standard certication. The GRENGUARD Gold standard includes safety factors to account for sensitive individuals, such as children, and includes requirements that a product is acceptable for use in school environments. In addition to limiting emissions of more than 360 VOCs and total chemical emissions,

GREEN GUARD Gold Certi ed products must also comply with requirements of the State of California's Department of Public Health "Standard Method for the Testing and Evaluation of Volatile Organic Chemical Emissions from Indoor Sources Using Environmental Chambers, Version 1.1 (2010)" (also known as California Section 01350).
